# Lend a helping hand

## Volunteers wanted!

Come one, come all! We are looking for students, grades 4-5, to come to the Beaman Library to participate in a volunteer program. We will do a variety of tasks such as putting books back in their appropriate spots, organizing skills, and helping others. We want our children to have the opportunity to get involved in the community and work alongside their peers, allowing them to make fantastic new connections. Volunteering at the library introduces a variety of life skills and can ignite passion for volunteering. Covid was hard on all of us, from the youngest to the oldest in the nation. It forced people into isolation and caused very little to no interaction with anyone outside their families. This stunted everyday social interaction, especially amongst our youngest generation. Volunteering will not only be a great chance to get to help out in their community but also encourage students to build their social skills. This program will start April 1st. **If you are interested in participating in this program, please contact Shayla Nicholson at [snicholson678@gmail.com](mailto:snicholson678@gmail.com) or +1(774) 479-2645. Once I have a head count on students who would like to participate, I will reach out to establish which days would work for everyone! Please consider this wonderful opportunity! :)**

**What does a Neighborhood Captain do?** A street captain is asked to be the liaison for neighbors to contact regarding volunteering; providing the basic information needed, etc. The captain also is asked to coordinate with the Town by providing the names of volunteers and getting the necessary tee shirts and supplies from the Town to pass out to the team's volunteers.

**What am I supposed to pick up in this event?** We are asking our volunteers to pick up any litter or debris that can be easily picked up and placed in the provided trash bags. **Please do NOT pick up syringes or any sharp items.** If you find these items, please notify your group leader or the DPW telling them the location, and they will cleanup those items.
